Delhi region – The heart of emerging markets

Located in Gurgaon / Delhi bauma CONEXPO INDIA reaches the part of the country that is of strategic importance as Delhi is the decision-making center of the Indian economy.

In the Delhi region:

- most large and medium sized companies are located with their branches or headquarters
- major infrastructure projects are coming up (e.g. Faridabad, Haryana, Greater Noida) new potential trade visitors, exhibitors and opinion leaders can be reached
- government buyers might also take great interest in visiting the exhibition, being close to Delhi
- ambitious projects are being realized, such as the Delhi-Mumbai Industrial corridor, a State-Sponsored Industrial Development Project of the Government of India aimed at developing an Industrial Zone spanning across six states in India
